Open enrollment *checklist*

Gather, compare and confirm before you buy your own health insurance.

Before you shop

- [ ] Everyone who needs coverage: names, birth dates, and who files taxes together
- [ ] Your best estimate of 2027 income for the household (net income if you're self-employed)
- [ ] A list of your doctors, specialists and your preferred hospital
- [ ] Your prescriptions: name, dose and how often you fill them
- [ ] Your current plan details and your renewal notice, if you have one
- [ ] Photo ID, Social Security numbers or immigration documents for people applying

When you compare plans

- [ ] Monthly premium, after any premium help
- [ ] Deductible and out-of-pocket maximum
- [ ] Copays or coinsurance for visits, specialists, urgent care and the ER
- [ ] Whether each of your doctors and your hospital is in the plan's network
- [ ] Whether each prescription is covered and what tier it's in
- [ ] What the plan excludes or limits (conditions you already have, maternity, mental health)

Before you enroll

- [ ] Confirm the date your coverage starts
- [ ] Confirm when the first payment is due and how to pay it
- [ ] Check that your income estimate is realistic, and plan to update it if it changes
- [ ] Ask for the plan details and exclusions in writing

After you enroll

- [ ] Save your confirmation and plan documents
- [ ] Look for your ID cards and set up your online account
- [ ] Call your doctors to confirm they accept the plan
- [ ] Put your income update and renewal dates on your calendar
